

Tribal Access Rx Program

Save 20%-40% over traditional PBM for Tribal Members, Employees & Dependents

Pharmaceutical costs, especially specialty medicines, are the fastest growing healthcare cost across the nation and without proper management, they can bankrupt plans and tribes. Due to historical trauma and inequities, tribal communities suffer from more cancers, immune disorders, diabetes and other chronic diseases, all while dealing with fewer resources.

Rather than being reactive to these costs and obstacles, Tribes now have a proactive way to decrease costs and overcome obstacles of the past.

Proactively put money into your tribe and community

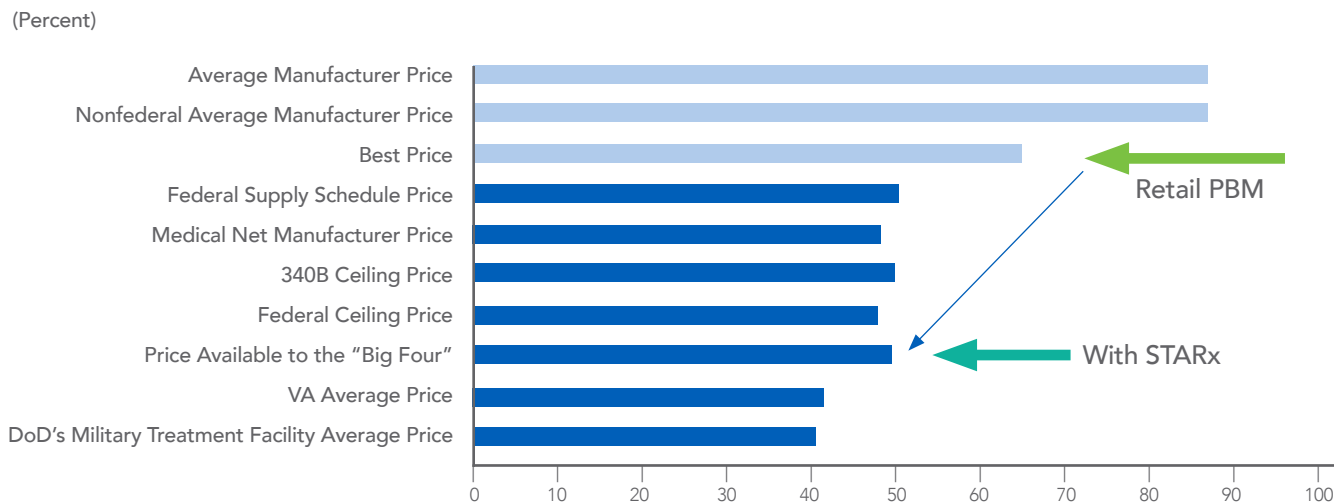

STARx, Pequot Pharmaceutical Network (PRxN), and 90 Degree Benefits can proactively help tribal leaders save 20-40% on their pharmaceutical costs. We have understanding of Indian laws and access to discounts through the Federal Supply Schedule (FSS) program. Through FSS, the federal government purchases various products for its own use, including pharmaceuticals and other healthcare products.

90 Degree Benefits
can proactively help
tribal leaders **save**
20-40%

By utilizing STARx, tribes can experience savings like these:

Tribal Drug Discount = Big Savings

Estimated prices paid to manufacturers, relative to list price, for brand-name drugs under selected federal programs, 2003

Source: Congressional Budget Office. | Notes: In this analysis, the list price is the average wholesale price.

What you get with 90 Degree Benefits and STARx:

- ✓ Significant savings off of pharmacy costs
- ✓ One of the oldest established Indian Pharmacies
- ✓ Existing contracts with wholesalers and other vendors
- ✓ Access to FSS Drug Discounts, passed on to tribal groups
- ✓ Mail order Rx program including specialty
- ✓ Pharmacy PBM consultancy service
- ✓ Medication Therapy Management Program

Join the many tribes that have stopped reacting to rising healthcare costs and started actively saving 20-40% off of pharmaceutical costs.
